A TRAJECTORY OF SUCCESS AND DETERMINATION

St. Francis de Sales College is a Catholic Minority institution managed by the Archdiocese of Nagpur and its president is the Archbishop. It aims at a holistic development of students, instilling in them the spirit of self-reliance and the desire to excel. The college leaves no stone unturned in tapping the true potential of students knowing fully well that they are indeed the backbone and future of our country.

SFS caters to students from diverse backgrounds. In the scenic ambience of the college differences vanish into thin air. The college flag and crest symbolizes spiritual and moral values and unimpeachable character. It encourages the creation of a scientific temper. This goes hand in hand with moral and spiritual values.

The key to the modern world order lies in the use of superior technology. The college makes every effort to use technology-enabled teaching and learning resources. It is just not moulding minds but also catering to the physical development of students through sports and games. Ample opportunity is provided through various activities to hone their speaking and debating skills. They are forever under the watchful eyes of our distinguished faculty.

SFS lies in the lap of nature far removed from the din of the city. This is indeed conducive to learning and the spirit of inquiry. OUR PATRON

OUR PILLAR... OUR INSPIRATION...

The college is privileged to have a Saint as its Patron in the person of Francis de Sales whose blessings and prayers the college invokes both on students and staff. The college celebrates the patron's day on 24th January every year.

St. Francis de Sales, Bishop and Doctor of the church, was born of a noble family on 21st August, 1567 at the castle of Sales, near Annecy in Savoy, France. He died at Lyons, France in 1622 on 28th December at the age of 56. Very early in life, Francis showed signs of spiritual awakening, conscious of God's presence everywhere. He wanted to give himself to God and serve God's people. Commitment was his hallmark, a trait very much in need today. He was courageous and daring facing threats to life in a calm manner, a virtue that makes him so attractive to the young.

He was intelligent and fond of learning, he used to spend time in reflection and share his insights and knowledge with people, a man who lived for others, a rare quality that the modern world looks for. He used his wisdom for the benefit of the weak and oppressed. Francis loved to write. He wrote not for the sake of writing but to share his divine experiences with those who were in search of it. He taught how one could come closer to God while living his ordinary life of drudgery. Even today his writings inspire millions of readers. He is also the patron of journalists. Francis was known for his cheerfulness and hope marked his persona. Today his words and writings carry significance to those who find life aimless and those who are searching for meaning in life. When life becomes a burden and hope is lost St. Francis de Sales is the one to look up to and sure enough you will find peace and light.

May St. Francis de Sales bless us and inspire us to love and serve our Mother India and make this place a better place to live in.

The Training and Placement Cell of the college was envisioned with one clear objective: to place students successfully. This objective serves a two-fold purpose: first, it enables students to evolve and emerge as a thinking class, and to become socially and morally responsible citizens; second, it enhances the image of the college as a leading centre of knowledge generation and dissemination.

Career and Counselling cell guides the students to establish linkages with industries to ensure better employment chances. Placement is the concluding component of the education system. Keeping this in view, students are engaged in several activities throughout the session including training in personality enhancement and developing competency in language and soft skills.
