BEST Practice I

Title: Institution Excels in Scholastic Activities

Objectives:

- To enhance curriculum, knowledge and skill
- To foster learning incentives outside curriculum
- To encourage multifaceted development of its stakeholders and multiple intelligences
- To enhance the holistic growth of the Students

Context:

Certificate Courses at St. Francis De Sales College promote and inspire passion and enthusiasm among the students for career option and opportunities.

Our Flora and Fauna project enhances enjoyable and engaging learning experiences.

The institution dedicates to foster the holistic and comprehensive development of its students. To promotes healthy competition among them, providing incentives and recognition to top performers. As a token of appreciation, outstanding students are honoured with gold and silver medals, either named after the staff or their parents. This practice serves to inspire and motivate both the recipients and their peers. The student achieving the highest aggregate marks or excelling in a particular subject in college or university examinations is eligible for this honour. Among the prestigious awards, the "Best Outgoing Student" award stands out as particularly exciting and coveted.

Training and Placement cell caters to the needs of the students career and their job opportunities by campus interviews and placement.

Practice:

The learned staff of the institution initiated various Certificate Courses to promote academic standard of the students. The staff of Zoology and Botany Departments guided the students regarding the Flora and Fauna around the Campus.

As an incentive and recognition to top performers award day is instituted to appreciate and honour outstanding students with gold and silver medals.

Evidence:

Various Certificate Courses opened job opportunities and entrepreneurship to the students. Students were made aware of the flora and fauna around the campus. Outstanding students are honoured with gold and silver medals every year and the newcomers are inspired to follow their path. Campus placements frame the future of the students.

11) How does vermicomposting compare to other composting methods in terms of nutrient content in the final product? * 2 points

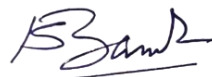

- ☐ a) Vermicompost has higher nutrient content than other composting methods
- ☐ b) Vermicompost has lower nutrient content than other composting methods
- ☐ c) Nutrient content is the same in vermicompost and other composting methods
- ☐ d) Nutrient content varies depending on the specific composting method used

12) Which of the following factors can affect the quality of vermicompost? * 2 points

- ☐ a) Feeding frequency
- ☐ b) Temperature
- ☐ c) Moisture content
- ☐ d) All of the above

13) What is the role of microorganisms in vermicomposting? * 2 points

- ☐ a) To break down organic matter
- ☐ b) To regulate the temperature of the compost pile
- ☐ c) To provide oxygen to the compost pile
- ☐ d) None of the above

14) What is the main difference between vermicomposting and traditional composting?

* 2 points

- ☐ a) The use of earthworms in vermicomposting
- ☐ b) The size of the compost pile in vermicomposting
- ☐ c) The types of organic matter that can be composted
- ☐ d) The temperature range required for composting

15) How does the pH level of the vermicomposting bin affect the composting process?

* 2 points

- ☐ a) A neutral pH level is ideal for vermicomposting
- ☐ b) An acidic pH level is ideal for vermicomposting
- ☐ c) A basic pH level is ideal for vermicomposting
- ☐ d) The pH level does not have a significant impact on the vermicomposting process.

16) How does the presence of earthworms in the soil impact plant growth?

* 2 points

- ☐ a) Earthworms have a positive impact on plant growth
- ☐ b) Earthworms have a negative impact on plant growth
- ☐ c) Earthworms have no impact on plant growth
- ☐ d) The impact of earthworms on plant growth depends on the specific type of plant.

17) Which of the following is an example of a food waste item that
d not be added to a vermicomposting bin?

* 2 points

- ☐ a) Banana peels
- ☐ b) Meat scraps
- ☐ c) Eggshells
- ☐ d) Coffee grounds

18) How does the size of the earthworms used in vermicomposting
impact the process?

* 2 points

- ☐ a) Larger earthworms are more efficient at breaking down organic matter
- ☐ b) Smaller earthworms are more efficient at breaking down organic matter
- ☐ c) The size of the earthworms does not have a significant impact on the vermicomposting process
- ☐ d) The size of the earthworms depends on the specific type of organic matter being composted.

19) What is the primary benefit of vermicomposting for the environment? *

2 points

- ☐ a) Reduced greenhouse gas emissions
- ☐ b) Reduced water pollution
- ☐ c) Reduced use of synthetic fertilizers
- ☐ d) Reduced soil erosion

20) Which of the following types of waste should be avoided in vermicomposting?

* 2 points

- ☐ a) Cat and dog waste
- ☐ b) Garden waste
- ☐ c) Tea bags
- ☐ d) Eggshells

21) Which of the following is NOT a suitable feedstock for vermicomposting?

* 2 points

- ☐ a) Coffee grounds
- ☐ b) Bread
- ☐ c) Citrus peels
- ☐ d) Eggshells

22) Why should you avoid adding citrus fruits to a vermicompost bin? *

2 points

- ☐ a) Worms dislike the taste
- ☐ b) Citrus fruits contain harmful chemicals
- ☐ c) Citrus fruits can make the compost too acidic
- ☐ d) They attract pests

23) Which of the following is a potential problem with using vermicomposting in large-scale operations?

* 2 points

- ☐ a) Difficulty in controlling the temperature of the compost pile
- ☐ b) Cost of earthworms and bedding materials
- ☐ c) Odor from the compost pile
- ☐ d) All of the above

24) What should you do if the vermicompost is too wet and smelly? *

2 points

- ☐ a) Add more food scraps
- ☐ b) Decrease aeration
- ☐ c) Adjust the moisture level by adding dry bedding
- ☐ d) Ignore it

25) How can you encourage your local community to embrace vermicomposting?

* 2 poi

REPORT OF CERTIFICATE COURSE “WORM CASTING”

As a society, we look for ways to reduce, reuse, and recycle as much as we can. For this the department of Biotechnology, St. Francis De sales College organised a 15 days certificate course on Vermicomposting which is a method of recycling converts organic materials that have traditionally been viewed as waste into a valuable soil amendment for plants and crops. The course started on 9 October 2023. Total 20 students enrolled themselves for the course. During the 15-day course, students had a hands-on experience with vermicomposting. It was fascinating to witness the transformation of kitchen scraps and other organic waste into nutrient-rich compost. The course provided valuable insights into the intricacies of maintaining a vermicomposting system, from monitoring moisture levels to adjusting feeding habits.

Students not only gain knowledge about the technical aspects of vermicomposting, but also developed a deeper appreciation for sustainable waste management practices. The course equipped them with the skills to continue vermicomposting at home, contributing to a greener and more eco-friendly lifestyle. Students shared their ideas and valuable feedbacks.

On 23 October 2023 we conclude the program and felicitate our students with certificate.

**REPORT
ON
CERTIFICATE COURSE
Clinical Biochemistry**

Department of Biochemistry has conducted Certificate course on **Clinical Biochemistry** in the Academic year 2023-24. Mrs. Rashmi Kale Koche & Ms. Kruti Nandgave were the coordinator of this course. This was a 15 days course started from 09/ 10/2023 to 23/10/2023. Timing was adjusted between 12 to 1.30 pm within our regular college time table. The syllabus of the course is designed by the coordinator, in such a way that students can get maximum knowledge regarding clinical experiments in a short span. The course was offered for the nominal fees of 200 rupees.

This course included all blood related test and also diagnostic test. Students enjoyed a lot. This course makes them to understand how the test carried out for diagnosing any diseases. There was total 58 participants. We provided study material and gave hands-on training to each and every student. At the end of our session, we took their exam on the certificate course. Finally, after completing the course, we had valedictory function on 13/10/2023. Certificates were distributed amongst the students and also feedback were taken from the student.

Feedback was very positive and also suggestions were given by the students for conduction of certificate course with a greater number of blood related experiments. At the end feedback form was shared with the students to get an idea about the resource person inputs during the certificate course.

Outcome: Students get detailed information about blood related disorder, Diabetes, how to diagnose the diseases, blood borne disorder, genetic disorder, awareness of autoimmune diseases and also how to tackle all these diseases.

REPORT OF CERTIFICATE COURSE IN "PROGRAMMING IN C"

Course Conducted By Department of Computer Science

COURSE COORDINATOR : Asst.Prof. (Ms.) Itika U. Lakkewar

Academic Year 2023-24

Course Objective:

1. To test and execute the programs and correct syntax and logical errors.
2. To implement conditional branching, iteration and recursion.
3. To implement operations on arrays, strings, structures, unions, functions.

The Department of Computer Science successfully organized a "Programming in C" certificate course during the academic year 2023-24. The course syllabus was carefully designed by the department's staff members, considering the course duration and student requirements.

Course Details

- Duration: 9th October 2023 to 22nd October 2023
- No of Students: 61
- Timings: 1.5 hours per session
- Fees: Rs. 200/- (nominal)
- Sessions conducted by experienced teachers (Dr. Dileep Sadhankar, Mr. Amar Pimpalkar, Ms. Kavita Gawhade, Ms. Itika Lakkewar, Ms. Neha Shinde) of the Computer Science Department

Course Structure and Evaluation

The course included live demonstrations, practical sessions, and assignments. Continuous evaluation was based on attendance and assignment grades. Certificates were awarded to successful students.

Conclusion and Feedback

The course concluded in the presence of Dr. Dileep Sadhankar (BCA Coordinator) and other staff members. Students shared positive feedback and suggestions for future courses on programming languages and emerging technologies. A feedback form was also shared with students to gather input on the resource persons' performance.

REPORT OF CERTIFICATE COURSE IN “Web Designing”

Course Conducted By St. Francis De Sales College, Nagpur

COURSECOORDINATOR: Ms. Meenakshi H. Motwani

Academic Year 2023-24

College organized “Web Designing” certificate course during the year 2023-24. The notice and poster was circulated among the students and also explained the importance of the course to the students. The course was offered for the nominal fees of 200 rupees. The timetable was made for the course which was held between 09-10-2023 to 24-10-2023. The course was inaugurated in the presence of Fr. Praveen D’Souza, Head, Department of Philosophy.

The course sessions were engaged by the experienced teachers of the Computer Science Department. Each day session of 2 hours was conducted including live demonstration of concept and practical session for the students. At the end of the course a test was conducted on 24/10/2023 for the students. Based on the test results and continuous evaluation on the basis of attendance and assignments grades were prepared. Certificates were distributed to the successful students.

The course was concluded in the presence of Dr. K. T. Thomas, Principal and Fr. Praveen D’Souza and Staff members of the Computer Science Department. On the occasion students shared their feedback of the course and teachers who conducted the sessions. Feedback was very positive and also suggestions were given by the students for conduction of certificate course on other programming languages and future technologies. At the end feedback form was shared with the students to get an idea about the resource person inputs during the certificate course.

Course Outcome: The students got an overall idea of career and market-oriented, skill-enhancing courses that have utility for the job. The students were empowered with a thorough knowledge about Web Designing.

REPORT OF CERTIFICATE COURSE IN “Basics in computers and VFX for beginners” Academic Year 2023-2024

The Department of Physics organized “Basics in computers and VFX for beginners”, certificate course during the year 2023-24. Dr. Susan John along with Ms. Nanda Landge (industrial experience of 10 years) designed the course curriculum with consideration for the length of the course and the needs of the students. The notice and poster were circulated among the students and also explained the importance of the course to them. The registration fee of this course was 500 Rs. The course was started on 2nd October 2024 and ended on 24th October 2024. The course sessions were engaged by the experienced teachers Dr. Susan John and Ms. Nanda Landge. Each day session of 2 hours was conducted including live demonstration of concept and practical session for the students.

A project was given to all students. Based on the project results and continuous evaluation on the basis of attendance and assignments, grades were prepared. Certificates were distributed to the successful students. The course was concluded on 24/10/2023. Feedback was very positive, and suggestions were also given by the students for the conduct of a certificate course on other programming languages and future technologies. At the end, a feedback form was shared with the students to get an idea about the resource person inputs during the certificate course.

Course Outcome: The students got an overall idea of career and market-oriented, skill enhancing courses that have utility for the job. The students were empowered with a thorough knowledge about VFX programming language and their programming skills have enhanced.

Date: 9/10/2023 to 23/10/2023

Total Students Enrolled: 26

Duration: 2 hours all days (theory and practical)

Course Co-ordinator: Dr. Susan John

**Reporton Short Term course on Machine Learning (2022-23) Course Duration (15 Days
:- 9 to 23 October 2023)**

A short-term Course on “Machine Learning” was open for all the streams of SFS college students. To ensure the quality and effective delivery of course, the participants capacity is limited to 24. Students from B.Sc, BCA,BCCA and Zoology were attended the course.

All the participants were effectively attended the course and encouraged to work different minor project. Mr. Biju Angalees, HoD, Computer Science was the resource person for the entire short term course.

Eligibility: Anyone with active interest in Machine Learning and Python

Content:

- General introduction to AI/ML/DL
- Artificial Neural Network (ANN) with gradient descent for perceptron learning
- Review of Multi Layer Perceptron (MLP),
- Recent improvements in ML
- Convolutional Neural Network (CNN) (Architecture, Convolution operation: Filter/Kernel/Feature Detector, Activation Map/Feature Map, Fully connected /classification layer, Hyper -parameters etc.)
- Introduction to Tensorflow |(Tensors, Computational graphs, Tensorboard etc.)
- Toy examples for CNN using Python/Tensorflow
- Case studies and assignments

Objective of the course

The availability of huge volumes of text, image and video data over the internet has made data analysis and interpretation areally challenging ask. AI &ML has proved itself to be a possible solution in different fields such as medical image analysis, Large Language Models, Drug Design and real-time vision-based problems. In this course, we will start with traditional Machine Learning approaches, e.g. Classification, Multilayer Perceptron, clustering, etc. and then move to modern Deep Learning architectures like Convolutional Neural Networks, custom CNN models like VGG, Res Net, SSD and YOLO, Introduction to GAN etc. Upon completion of the course, students will learn to apply ML&DL techniques to solve various real-life problems.

Summary of the Event

All the students were encouraged to select minor project from their interested domain, 5 different team were created for doing study on minor project. As a result, students worked medical, microscopic etc. image for applying machine learning. Mr. Salil Patel Study on pneumonia medical image almost got publication level accuracy, which was encourage others to complete their project. All team were successfully completed their project with good classification level accuracy.

Feedback from Participants

In overall, students have commented the course content were relevant and with less amount fee they could experience real world problems.

Most of the participants also commented that their UG syllabus should include ML subject in curriculum and industry persons working thesedomains should called as guest speaker.

Out comes of theCourse

Upon the completion of the course, students were able to

1. Mini Project on real-life problems of different subject streams.
2. Develop an appreciation for what is involved in Learning models from data
3. Understand a wide variety of learning algorithms
4. Apply the algorithms to a real problem, optimise the models learned and report on the expected accuracy that can be achieved by applying the models.

Certificate Course on Bee keeping:

1. Minutes of the Meeting related to the activity underlining the objective: A meeting was held on 5.10.2023 by IQAC to decide the Certificate Courses and their coordinators.
2. Circular/Notice: attached below
3. Brochure with all details: Separate brochure not prepared
4. Detailed Report on the Activity:
 - a. **Objective:** To make students aware of learning about beekeeping and take up as a vocation.

b. Summary of the Event:

A certificate Course in Bee keeping was organized in the Department of Zoology from October 9 to 23, 2023. It was inaugurated on 9.10.23 with a lecture on Apiculture by Shri Suresh Ghude, Wardha. 27 students enrolled for the course. Students were taken on a field visit to Hislop College, Nagpur on 17.10.23 for a hands-on experience with rearing honeybees. The course ended successfully on 23.10.23. A valedictory function was held on 23.10.23 presided over by Dr. Ashish kumar Jha, Head, Department of Zoology, Hislop College and renowned apiculture expert. He addressed the students and encouraged them to take up apiculture as a vocation.

Report on - Certificate Course in BASIC MODI SCRIPT

Department of English, SFS College Nagpur

Academic Year 2023 – 24

Date: 9th October 2023 to 23 October 2023

Course Instructor: Ms. Swapna Chandekar, Department of English

Information of MODI Script Certificate Course:

MODI is a heritage script used to write the Marathi Language. Modi was a script used to write Marathi for an estimated 700 years. From 17th century to mid of 19th century MODI was used as administrative script in Maharashtra State.

MODI was one of the most important scripts of medieval Maharashtra. The MODI script was used until 1950 and it was replaced by the Devnagari script for writing Marathi.

MODI is like shorthand writing of Marathi. It is cursive writing. The specialty of MODI Script is you can write words together without lifting your hand with which you are writing.

Seminar on "Skill + Resume + Interview = Dream Job: Towards a final decision" organised by Training and Placement Cell

Report

March 6, 2024 @ 01:00 PM - 2:30 PM

Resource Person: Dr. John Majel P., Civil Services Trainer and Wellness Coach, Chennai

A seminar on " **Skill + Resume + Interview = Dream Job: Towards a final decision**" was organized by Training and Placement Cell Wednesday, 6th March 2024. The seminar was delivered by Dr. John Majel P., Civil Services Trainer and Wellness Coach, Chennai

Programme started with the introduction of the resource person. Dr. Dileep Sadhankar, T&P Coordinator introduced the guest and welcomed with floral bouquet by Fr. Praveen D'Souza, Assistant Professor, Philosophy Department.

During the talk, he briefed the students on skillset required. He told, a well-rounded skillset increases your employability across various roles and industries. Whether it's mastering a programming language, improving your communication skills, or becoming proficient in project management. Each added skill broadens your career prospects.

He further added, a well-crafted resume can help you land your dream job and stand out from the competition. By avoiding common mistakes, highlighting your relevant skills and experience, and tailoring your resume to the specific job you are applying for, you can make a strong and lasting impression on potential employers.

He further told students, if done effectively, the interview enables the employer to determine if an applicant's skills, experience and personality meet the job's requirements. It also helps the employer assess whether an applicant would likely fit in with the corporate culture.

He further highlighted the importance of promptness and agility to score at any interview. He gave a live demonstration of how the interview is conducted.

At the end of the seminar students asked their doubt which was well taken by the resource person. Approximately 80 students benefitted from the event.

Understanding the need of the hour 5-day training program was designed. The master trainer was Mr **Himanshu Khobragade**. He is MBA (International Business), Brigham City University. He is certified soft skill trainer who grooms the students for corporate working culture. He is visiting faculty in many renowned institutes. On each Day different theme was elaborated upon. What made his sessions more intriguing was the fact that students were given small tasks to perform and made to ponder upon which made the session fulfilled and interesting. **The program was coordinated by Dr Nikhat Naqvi and Mrs Namrata Thakur.**

Day 1—COMMUNICATION SKILLS& PUBLIC SPEAKING—It aimed to help students become expressive and communicative by helping them to overcome their inhibitions of their personality and the fear of public speaking.

Day 2---MAIL WRITING—It aimed to make the students understand the correct terminologies used in writing a business mail.

Day 3----MOCK GROUP DISCUSSION----This is very important part of any interview and crucial for getting selected for the coveted post.

Day 4----INTERVIEW PREPARATION----After the students clear the written exam, the final selection depends on Interview skills. How to prepare and face the interview, including tips on how to introduce yourself as well as the right dress sense is very important

DAY 5----PRESENTATION SKILLS ---This is a very important aspect to prepare students for Campus Drive.
