CORDIAL INVITATION

The awareness is growing today that a healthy science–religion dialogue is an urgent need of our times and provides a platform for interaction among scientists and other scholars of society by sharing knowledge and experience on various issues related to the relationship between modern science and contemporary religions. This time, the primary focus will be on the developments in Artificial Intelligence (AI) and their impact on society and religious values. We consider it a privilege and honour to invite you for this special International Conference on Science–Religion Interfacing, with special emphasis on AI, at S.F.S College, Nagpur.

CONFERENCE VENUE

The conference will be held at S.F.S College, Seminary Hills Nagpur 06, Maharashtra. As you know, Nagpur, being at the center of India, is well connected by air, train, and road.

ABOUT SFS COLLEGE

St. Francis De Sales College was established in 1956. Though a religious minority institution, it welcomes people of all castes and creed and is proud of its plural socio-cultural ethos. S.F.S College is a premier institution of higher learning in Central India. It is affiliated to Rashtrasant Tukadoji Maharaj Nagpur University.

ABOUT CDRESS

CDRESS (Centre for Dialogue between Religion, Education, Science and Society) is a Forum, launched on 24th January, 2006, to blend harmoniously and creatively the latest findings of modern science and deepest insights of religions to build up a better India in her multi-religious, multi-cultural and multi-racial context, in collaboration with IISR (Indian Institute of Science and Religion) Delhi, by jointly conducting for the staff and students of SFS College and other educational institutions of the city of Nagpur conferences, seminars, essay competitions, debates, poster making etc., on different themes related to the latest developments in science-religion interfacing.

Continuing this rich tradition, an international conference on above topic is being organized on 9th & 10th October, 2026, at S.F.S College, Nagpur.

CALL FOR PAPER PRESENTATION AS PPT

The theme of the International Conference is “Science and Religion Interfacing.” PowerPoint Presentations are invited on the following:

Central Theme: Bridging faith and technology: Human dignity, ethics and AI in the service of humanity

Topic: The increasing use of Artificial Intelligence: Challenges, and opportunities in everyday life

Sub-topics:

- Exploring the role of AI in religious rituals and whether robots can perform sacred rites.
- Examining AI and moral decision-making and whether code can have a conscience.
- Analysing whether an AI-driven humanoid can be held morally responsible for its actions.
- Understanding deepfakes and truth in an era when seeing is no longer believing.
- Comparing AI companionship with human connection and whether people will prefer machines.
- Assessing job automation and human dignity and how AI-driven automation will impact the human workforce.
- Investigating artificial empathy and whether machines can truly understand human suffering.
- Evaluating the use of artificial intelligence in sciences and how much decision-making power should be given to AI.
